1985

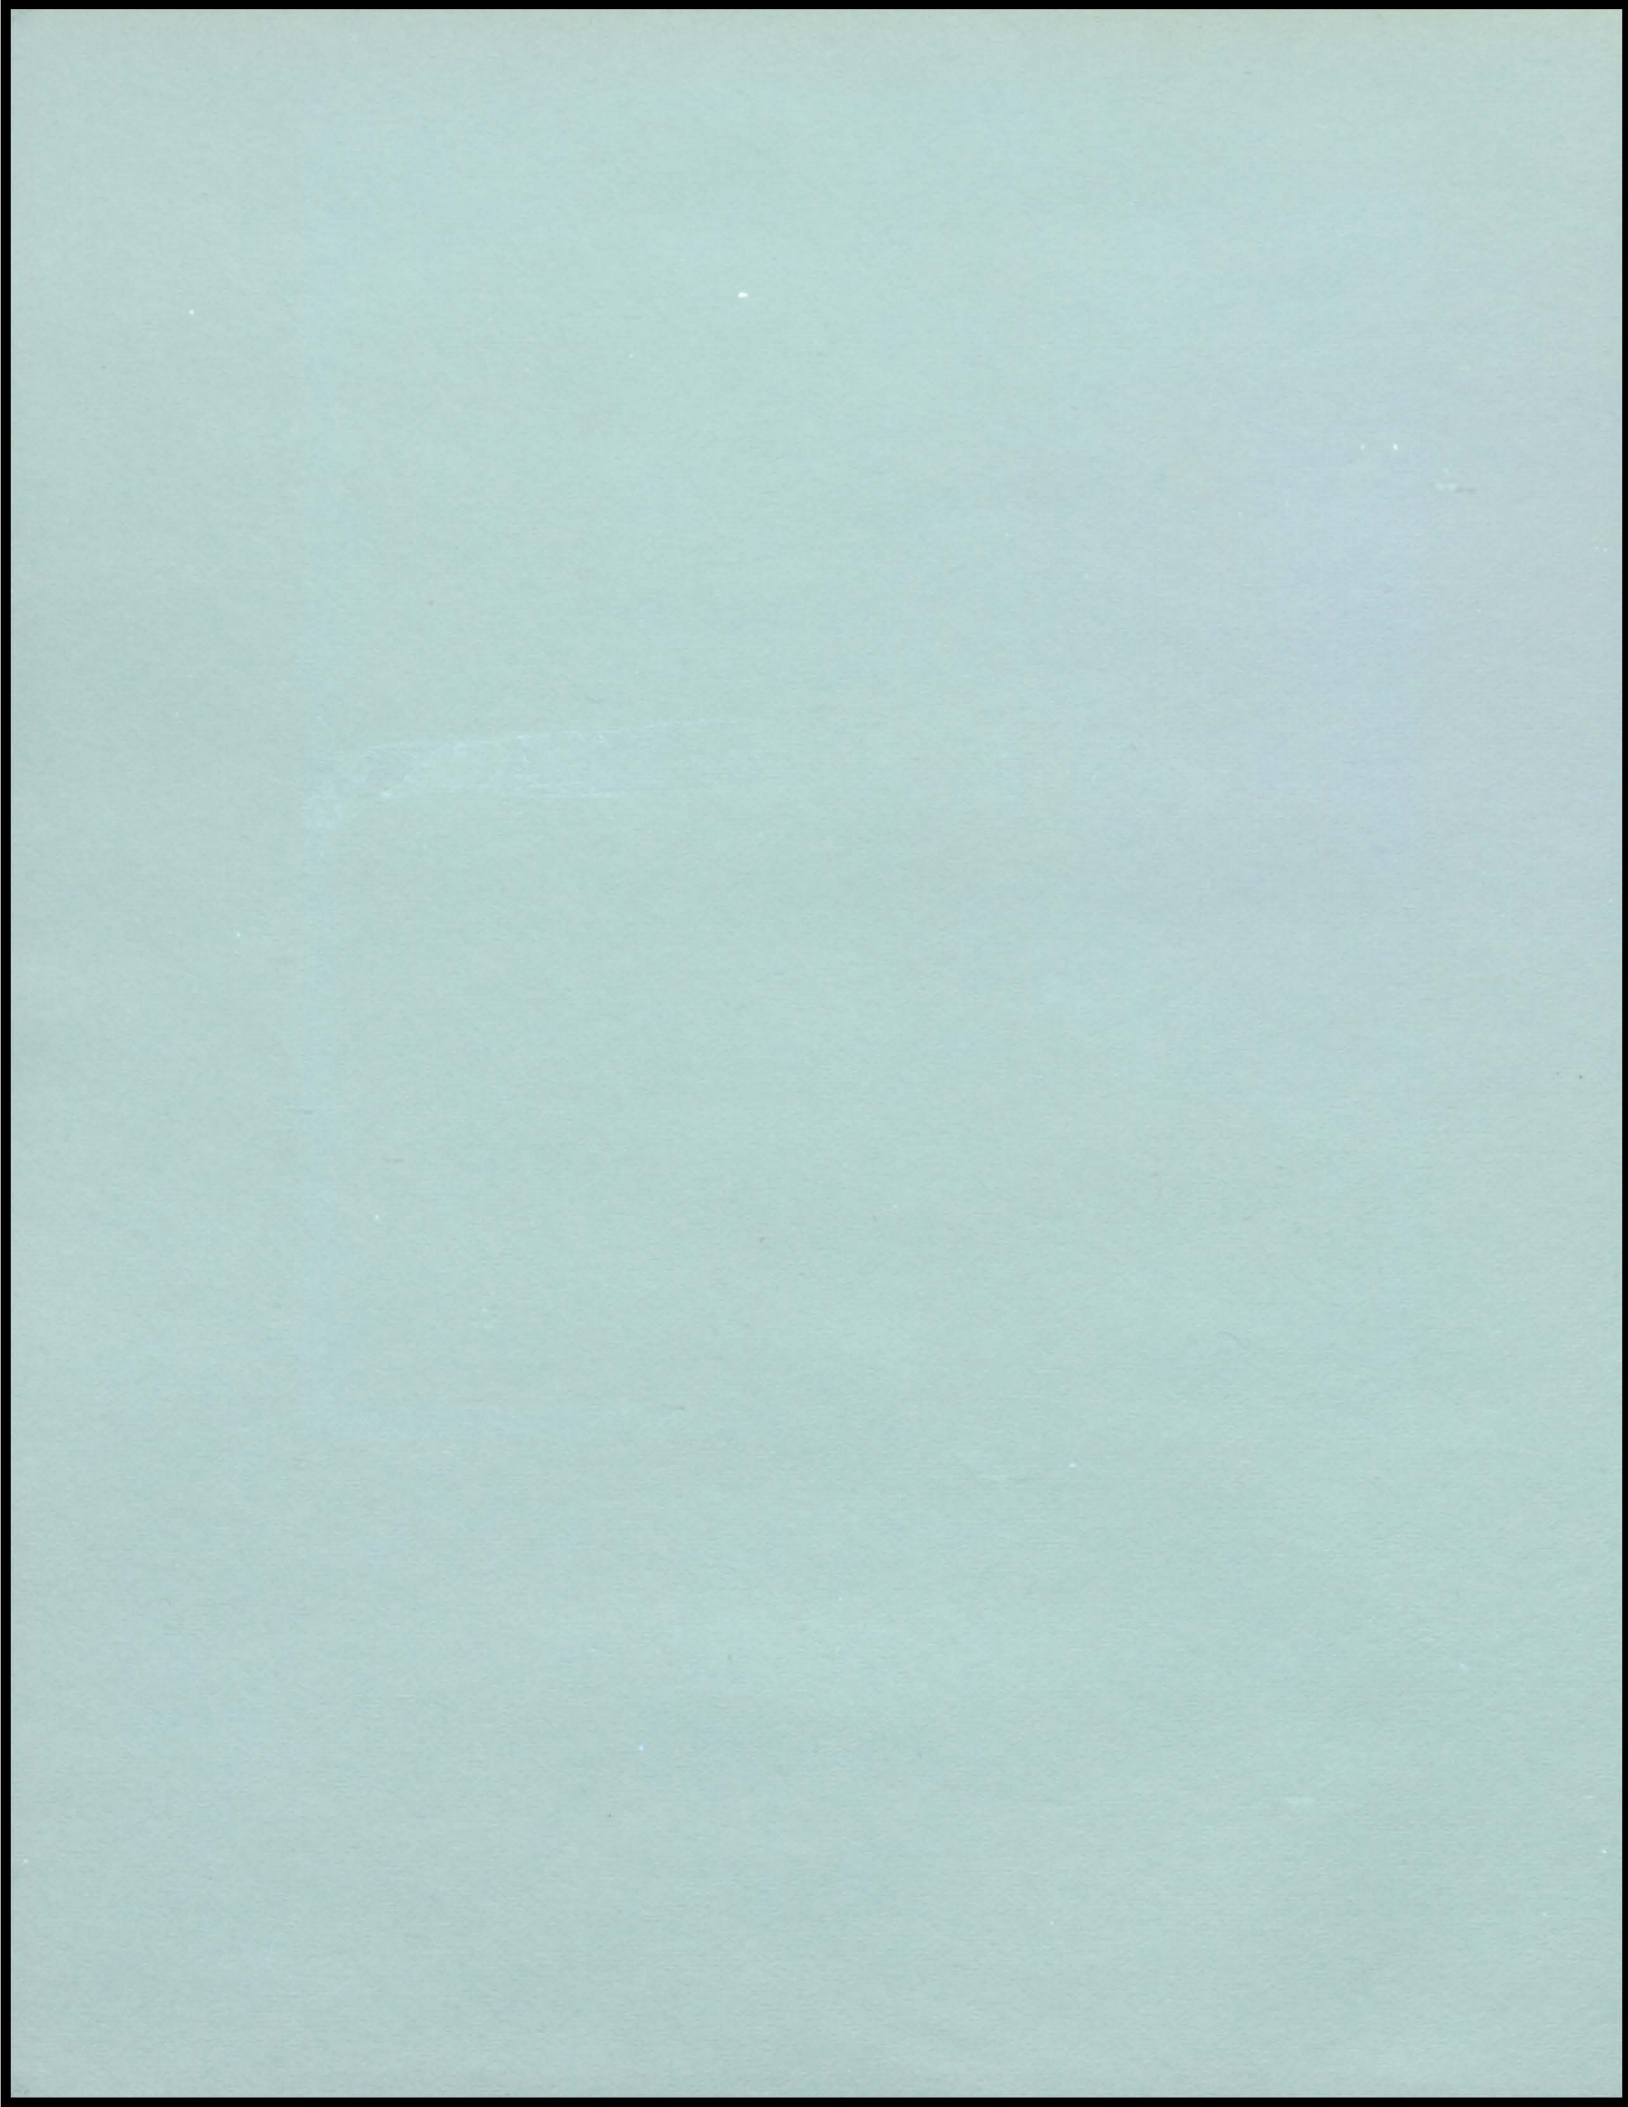

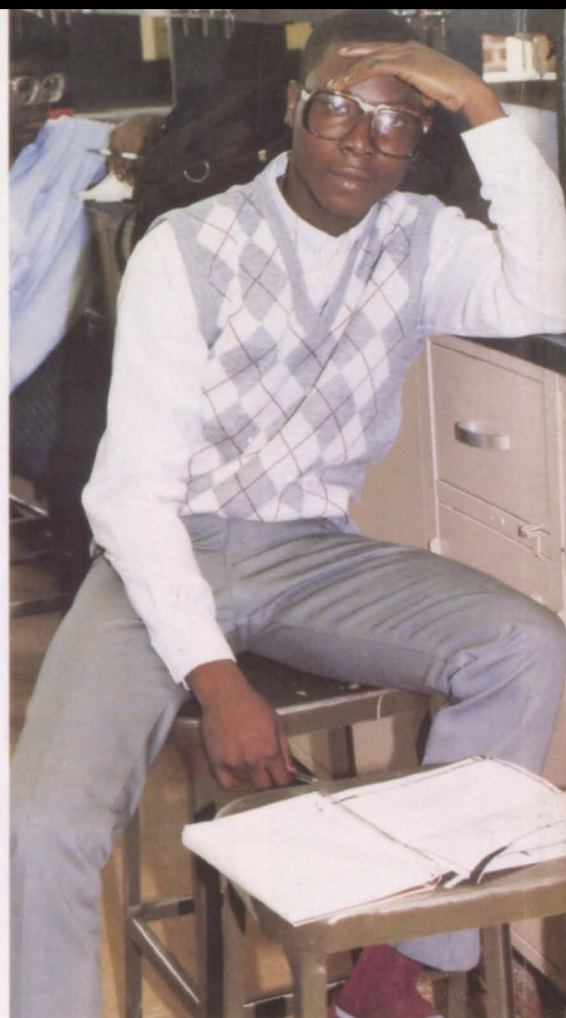

SCIENCE HIGH SCHOOL  
NEWARK, NEW JERSEY  
SYNERGIST  
1985

There is no substitute  
for hard work.  
Thomas Edison

All work is as seed  
sown; it grows and  
spreads and sows itself  
anew.

The Science High School yearbook is called the *Synergist* for a very important reason. The book is a reflection of the interaction between the faculty and the students. It portrays the synergism or joint action of teachers and pupils directed toward an important goal: graduation. All members of Science High affect each other. But we, the Class of 1985, are now the full recipients of four years of cooperation, four years of synergism. We are now unified as a graduating class. The 1985 *Synergist* is our book of memories.

The fervent energy that has been cultivated within us is now ready to be released and incorporated into our lives.

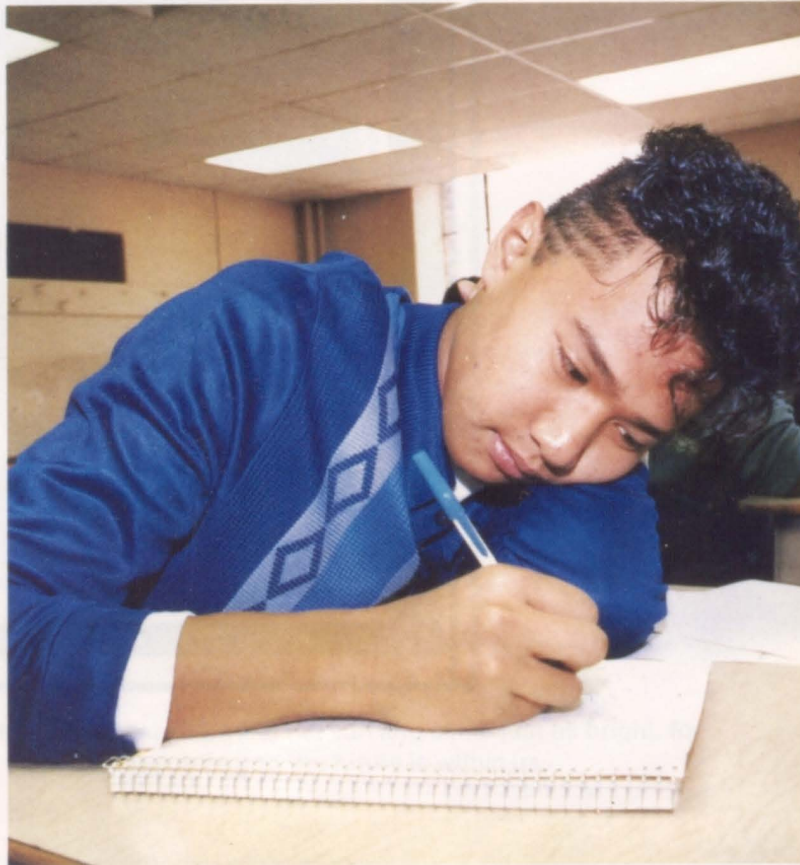

I get by with a little help from my friends.  
Paul McCartney

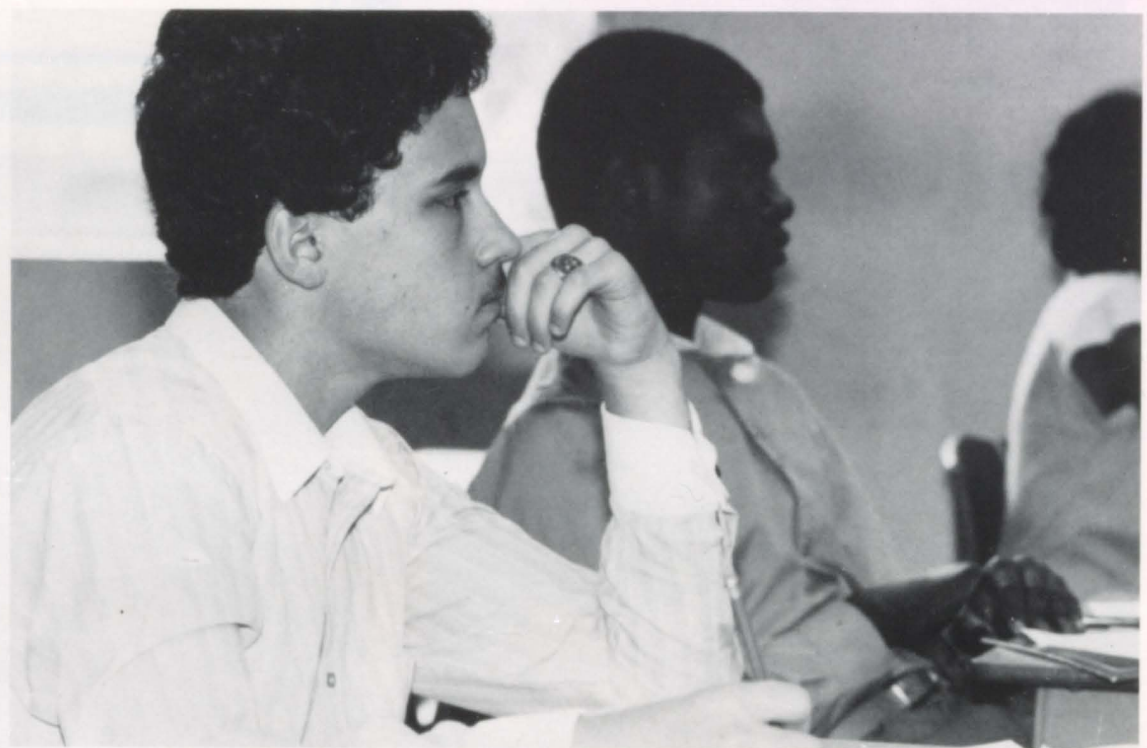

Genius is 1% inspiration and 99% perspiration.

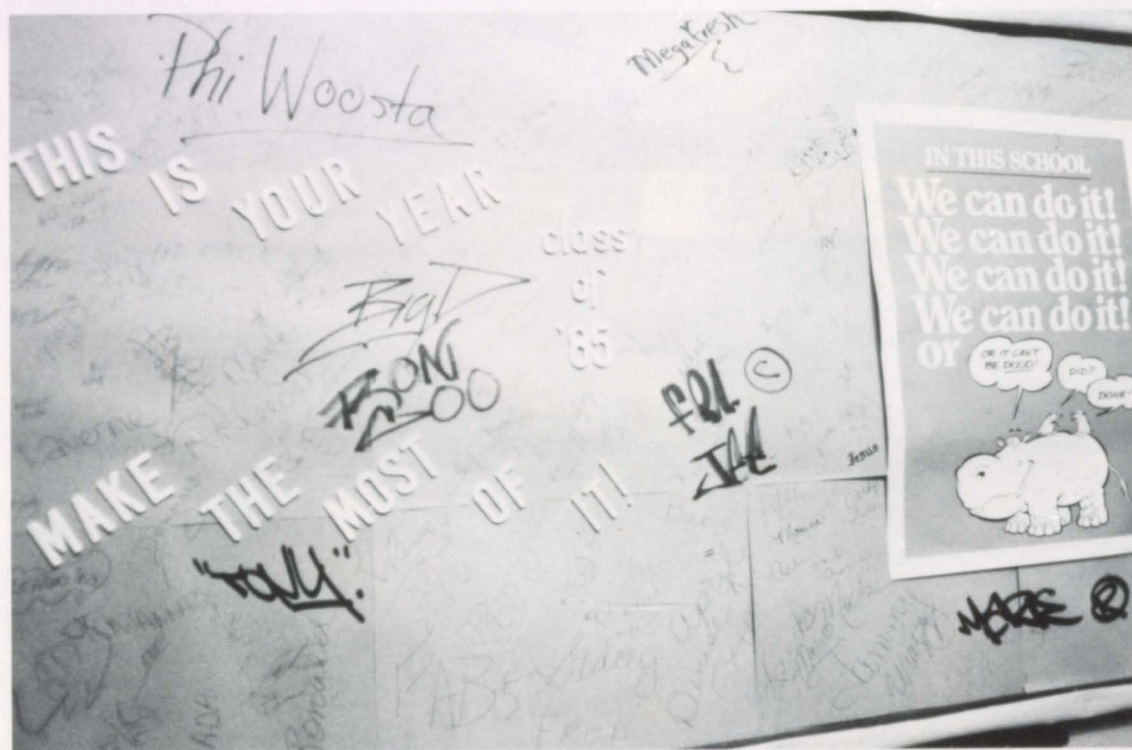

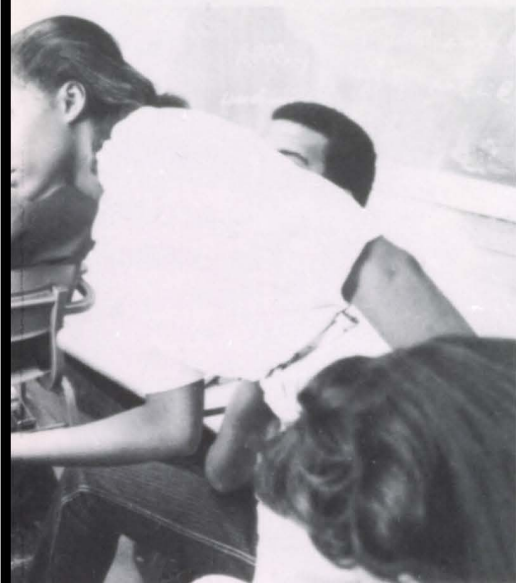

All the world's a stage and all the men and women merely players.  
William Shakespeare

We must all be like the sun and shine just as bright, for we are the future and the future is within us.

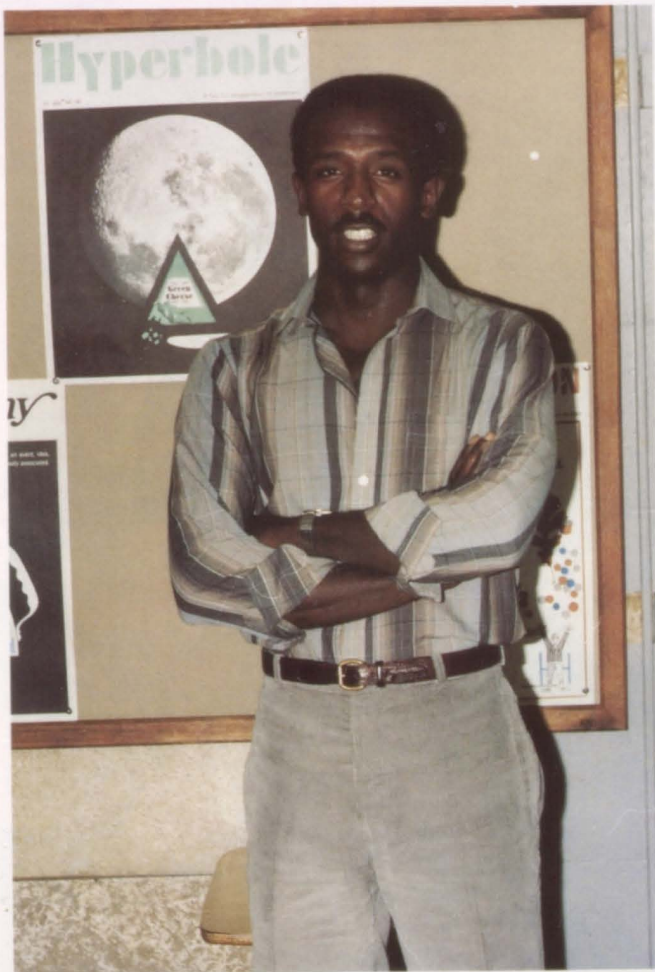

CARRIE BROOKS — CLASS ADVISOR

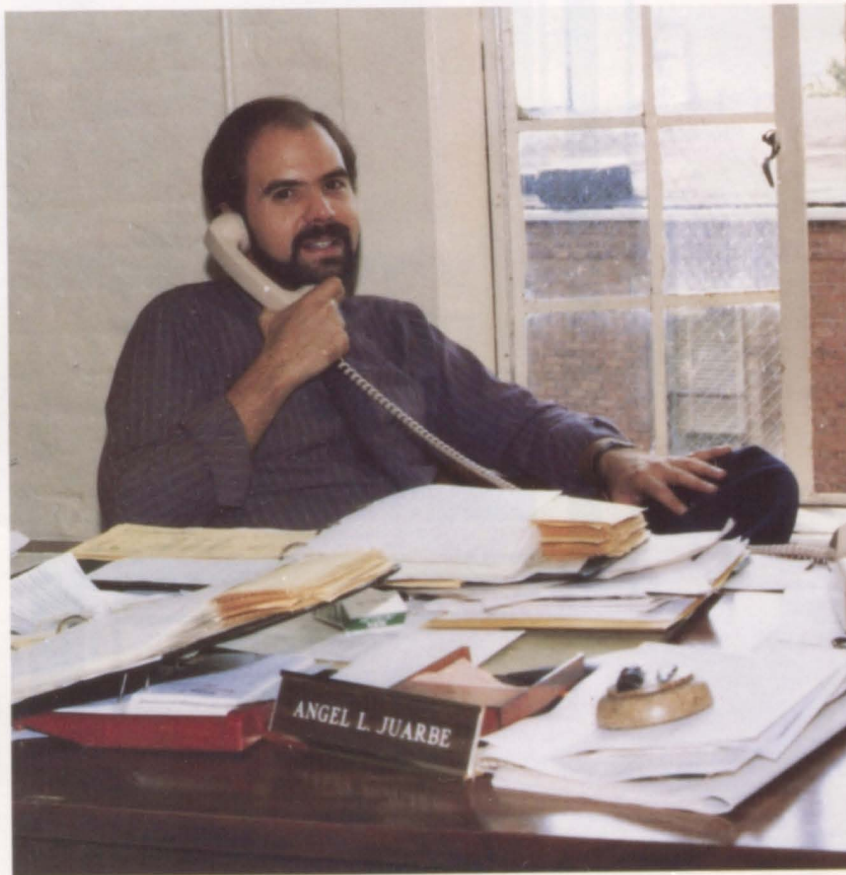

Mrs. Brooks, Mr. Gaylord, and Mr. Juarbe, you have helped us make many important decisions this past year. You have given us determination and a realization of just how important this year really is. The three of you have been not only our counselor and advisors but also our dear friends. Without you we wouldn't have had the courage, the patience, the determination, and the pride to work toward our goals and to make the best of our lives.

We say, "Thank you, for everything you have done."

ANGEL JUARBE — GUIDANCE COUNSELOR

We can only pay our debts to the past by putting  
the future in debt to ourselves.

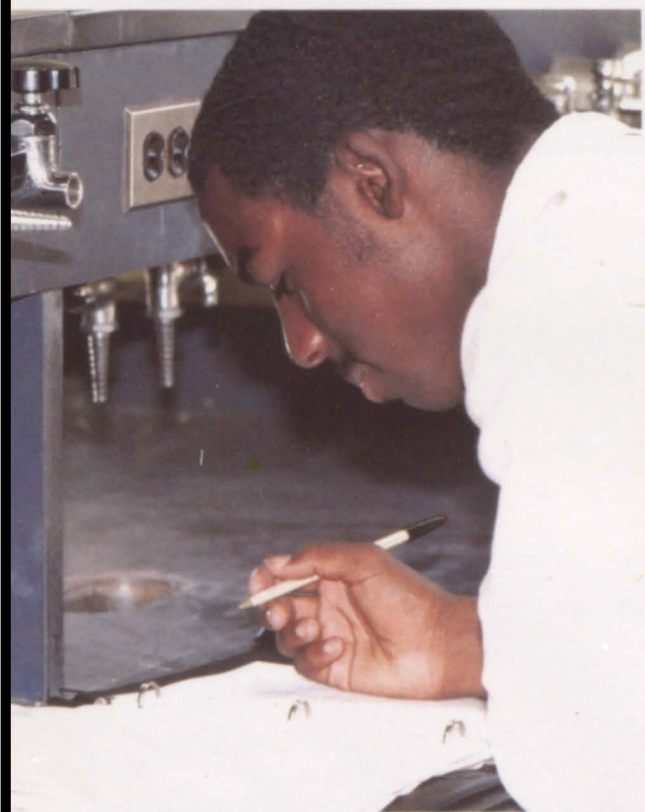

Tomorrow will be a new day.

### Thumbprint

In the heel of my thumb  
are whorls, whirls, wheels  
in a unique design:  
mine alone.  
What a treasure to own!  
My own flesh, my own feelings.  
No other, however grand or base,  
can ever contain the same.  
My signature,  
thumbing the pages of my time.  
My universe key,  
my singularity.  
Impress, implant,  
I am myself,  
of all my atom parts I am the sum.  
And out of my blood and my brain  
I make my own interior weather,  
My own sun and rain.  
Imprint my mark upon the world,  
Whatever I shall become.

**The Class**

**of 1985**

On October 17, 1984, Miss Goldblatt, Mr. Micah, and their biology and ecology classes traveled to Sandy Hook to examine the ecology of the shore. They observed the plant and animal life, the effects of man on the area, and the physical aspect of the shore area. Walking along the beach, they picked up specimens for identification. They seined, that is, used a large weighted fish net to collect samples of marine life. The purpose of the field trip was to enable the students to appreciate the shore environment. Judging from their response, they came away with a strong sense of responsibility to maintain the delicate balance between nature and humans.

Seniors — 22

Juniors — 21

One of the most hair-raising Science High intramural games ever played at the "Y" was this year's Jr.-Sr. basketball game. The halftime score of 11-4, in favor of the Juniors, was no indication of the excitement to come in the second half. With the Juniors still leading 18-12 at the end of the 3rd quarter, the Seniors came roaring back!

Led by Dwayne Williams' 6 fourth quarter points and Frank Asante's 4 points, the Seniors took the lead and won this hotly contested intramural tradition 22-21. Way to go, Seniors!

## Senior Bum Day October 26, 1984

Although the term "Bum Day" usually has a negative meaning, at Science High it means something quite the opposite. It is a Senior "dress down" day. It is a day for fun and humor. What outfits we saw that day! Bums walked the halls of Science High. Outlandish hairdos and funny footwear brightened the corridors. And at the end of the day, we all said, "A good day was had by all." Long may the tradition live!

# ATHLETICS

1985

# CROSS COUNTRY

The initial Science High inter-scholastic varsity athletic squad was the 1984 cross country team. The five runners who finished the season truly exemplified the spirit of athletics. They ran against schools with years of cross country experience. But, they did not give up. Without fanfare, without publicity, without comfortable practice facilities, the team progressed and improved. We say to them and to Coach Duke, "Nice going!"

### Barron lifts Science to J.C. title, 61-51

Barron's Science scored all 11 of its points in the second half to lift Science to the title of Jersey City Shootout Tournament in December with some neat shooting and defensive artistry. As the season progressed, however, Coach Gaylord's players realized that they had a great deal of work to do to make this first-ever basketball team a cohesive unit, capable of playing with the more established teams in the state. Occasional victories proved that indeed this team could play basketball.

The starting newspaper headline says it all! The start of the initial Science High's Boys' Basketball season was a roaring success. The team captured the championship of the Jersey City Shootout Tournament in December with some neat shooting and defensive artistry. The initial season of Science High's Girls' Basketball team is best described as a learning experience. Playing against seasoned veterans from schools which have had teams for years, Sister Maureen's girls exhibited a determination to improve. At times the defense clicked; at times the offense moved well. Learning to work together as a unit, a cohesive unit, was one of this year's goals. In the final analysis, the team achieved that goal by winning the last game. What a way to finish! Congratulations!

There was a new school on the '84-'85 indoor track scene, but it didn't take long for the media to realize that the name Science High meant success. Led by state champions Leticia Beverly and Renee Carr, our first indoor track team accomplished what many schools only dream of. With Seniors Beverly Carr, and Gunther Pergher, the team recorded impressive results:

County Relays — Girls 2nd  
 Winter Festival — Girls 3rd  
 Group 1 State — Girls 2nd  
 County Tr./F. — Girls 2nd  
 State Gr. 1 — Girls 2nd

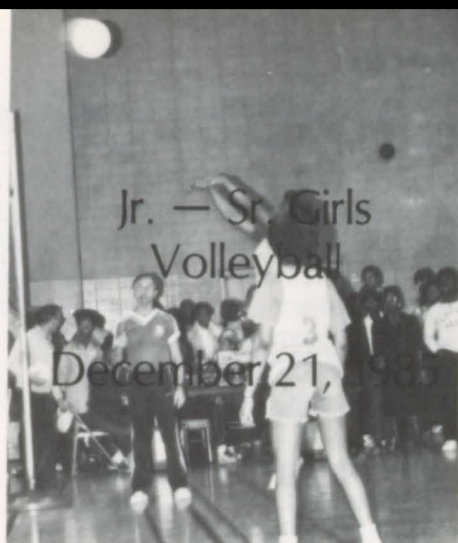

Individually, the accomplishments were outstanding. Leticia Beverly and Renee Carr won many events throughout the season. Leticia was the *Star-Ledger* Girl Athlete of the Week. Gunther Pergher and Mel Campbell were 4th place finishers in the state Boys Group 1 Championships. Victor Saul and Nichelle Santos also performed well. One final recognition also belongs to the team. Listed among the best national high school achievements were Renee Carr's 200 meters (7th best in the USA), Leticia Beverly's Long Jump (6th best in the USA), and the 4x220 Girls Relay (4th best in the USA).

Congratulations to Coach Duke and to Science High's first outstanding Indoor Track Team!

Tushar,

You have warmed our school with your smile, and you have enriched our days with your presence. I wish you the best the future has to offer.

P.A. Restaino

Dear Tushar,

May the future hold all the blessings you so richly deserve. We are proud to have had you as a student at Science High. I hope you will strive to do your best to make our world a place where all can live in justice and peace.

Sr. Shirley

Tushar,

It gives me great pleasure to wish you a bright, successful future. Working with you this year has been both a memorable and a rewarding experience. I hope you return to Science High upon graduation and share with us your successful experiences.

Sincerely,

Mrs. Susan Rocco

Trig./Adv. Alg. Teacher

Congratulations to Tushar as a fine biology student. May your enthusiasm continue in your future studies. Your presence in class was most enjoyed, and I wish you the best of luck as you further your education.

T. Goldblatt

To Tushar,

Best of luck in all your future endeavors. Success will certainly follow you because you are a hard-working individual. Remember, always settle for the best.

Mr. Angel Juarbe

Guidance Counselor, Science High

To Our Son, Tushar Patel, from a proud father and mother.

I give thanks to God for bringing you this far. With continuing love, concern, hope, and faith, I know you will succeed in your future endeavors.

To Tushar,

Congratulations on your high school commencement! High school marks the end of childhood and commencement is the beginning of your adult life.

It has been my pleasure to watch you grow from a shy, young boy into a lovely, self-assured young man.

My wish for you is that you continue to grow in all areas so that you may attain your goals. May God bless and keep you and fill you with love and determination.

I love you.
